PROFESSIONAL SUMMARY

Results-driven Business Analyst with 3+ years of experience in financial services and insurance, specialising in process automation, data visualisation, and stakeholder engagement. Proven track record of reducing reporting effort by 20%, boosting forecasting accuracy by 12%, and delivering cross-functional digital transformation initiatives. Graduated in MSc in Business Analytics at Northumbria University London on January 2026. Seeking a Business Analyst role in the London FinTech or Insurance sector.

WORK EXPERIENCE

Process Analyst <i>Arthur J. Gallagher</i>	Mar 2024 – Nov 2024 <i>Bengaluru, India</i>
--	--

- Designed and deployed Power BI dashboards for workforce reporting, eliminating 15+ manual hours per week and improving real-time decision-making for senior leadership.
- Collaborated with IT and HR stakeholders to optimise scheduling tools, driving a 12% increase in workforce productivity through improved resource alignment.
- Delivered data-driven recommendations via structured presentations, directly influencing strategic planning and operational investment decisions.
- Conducted gap analysis and requirements elicitation workshops, reducing ad-hoc data requests by 40% through self-service reporting ecosystems.
- Collaborated with senior leadership to define the 3-year product vision for workforce analytics, identifying market trends to stay ahead of internal user needs.
- Developed and maintained a rolling 4-quarter product roadmap, making trade-off decisions between new feature development and technical debt based on ROI analysis.

Process Analyst <i>Wipro</i>	Mar 2023 – Mar 2024 <i>Bengaluru, India</i>
--	--

- Automated 23+ client compliance reports in partnership with product and engineering teams, increasing data accuracy by 12.5% and accelerating business insight delivery.
- Facilitated UAT and process mapping workshops with cross-functional stakeholders, improving process adherence by 9% and enabling scalable digital operations.
- Mentored 2 junior analysts in SQL and Power BI dashboard development, improving team capability and cross-functional tool adoption.

Process Associate <i>Wipro</i>	Nov 2021 – Mar 2023 <i>Bengaluru, India</i>
--	--

- Managed delivery timelines across 12 concurrent projects, enhancing on-time project completion by 15% through predictive risk analysis and Agile frameworks.
- Redesigned stakeholder communication strategies, improving clarity of complex data insights by 21% across project presentations.
- Enhanced data reporting accuracy by 2.9% via rigorous record-keeping and analysis using Excel and Power BI.
